Enjoying the Rewards...

iPads!
If you have children in Prep, Yr 1 &/or Yr 2 they may be telling you all about the exciting new iPads in their classrooms. Each class has received 5 new iPads for the student not only to enjoy but for fun learning.

Shade Sails!
The new shade sail and concrete areas for the Senior students is almost near completion. It was decided at our last meeting that the P&F would contribute $10,000 to the cost of this area.

At all of our meetings we are presented with ideas from the Leadership Team and from school planning. These ideas are all for the benefit of the students and are given full consideration.

We also receive suggestions from parents and teachers that support the school plan. All are discussed and decisions are then made by the attending parties, some are passed and some left for more discussion.

If you have a suggestion or you would like to have a vote on what is passed at a meeting then please attend a meeting. Our meetings are never long and are very casual.

Outdoor Learning

At our March meeting Eric showed us photos of an Outdoor Learning Area at James Nash High. Kathy and Eric explained that this fitted within the school plans for more outdoor learning spaces. There would be numerous situations when the students would use this area and we also loved the idea. The school is currently seeking quotes. The quotes will be presented at our next meeting on June 10th.

Volunteers Needed

NEEDED – interested people to help with fundraising. We are in the process of forming a fundraising committee. If you think you would like to be involved, please let me know. We are also looking for a core group of year 5 parents to run the Canberra fundraising events. In particular, we are looking for a coordinator for the Speedway. The speedway is one of the few individual fundraisers on the calendar so it is not a gig we would like to lose. May 24 is the last meet on this year’s calendar with the next season starting in September.

Again, if you are interested let me know or come along to the fundraising meeting as Canberra fundraising will also be discussed.

Thankyou,
Colleen Miller

Mother’s Day

A very big “thank you” to Colleen Miller and Sonia Swinbourne for their hard work with the Mother’s Day Stall.
The student’s had a blast shopping for their mum’s and there were some wonderful gifts.
The stall raised $1968.
