You may have noticed by now the ground work happening on the Bligh Street side of our school. This will be concreted and made into a designated area for the senior students to have their lunch.

There will also be shade structures going up outside the entrance to the Mackillop building (Mrs Albion and Mrs Bailey’s side of the building). These shades will cover the paved area. Extra seating will also be constructed around this area.

The P&F have agreed to halve the costs with the school in the construction of this area. We are sure the students will enjoy this space when complete.

The Fete this year made a wonderful $8100. These funds will be used for projects in our school, like the upgrading of the Seniors eating area.

The first of our sub-committee’s will be meeting soon. For everyone who is interested in joining this committee please stay tuned we will be posting time & venue soon.

Our meetings are held every 2nd Tuesday of the month so we would love to see you there!
