

Our Vision

Igniting self-belief to build a faith and hope-filled community.

Our Mission

As a Catholic Christian community, we foster inclusion and diversity while embodying Gospel values.

We embrace our responsibility for stewardship of our earth and its people.

We inspire and develop young learners to grow and succeed as local and global citizens in a changing world.

We prioritise the dignity, safety, and well-being of each member of our community and promote partnerships with the Parish and wider community.

We value and promote an inclusive and collaborative culture.

We embrace change by creating environments that promote sustainable and innovative practices to challenge and inspire our community.
